

## Community Partners of Portage County

Dear Local Business and Community Member(s),

My name is Samantha Szynskie, the new director of Better Together - Community Partners of Portage County. We have been prominent in the area since the early 1990s and are now reviving and refreshing our nonprofit organization to suit the needs of our community in the 21st century, starting with reaching out to YOU.

1 - We are looking to form new Partnerships - which is the most important aspect of what we do. Based on common interests we match Partners, typically one adult with a specific need or disability, with an adult mentor/volunteer who is typically-abled, to form unique and lasting friendships.

2 - We are also looking for creative people to lead teaching lessons to our Partners; this could be artistic like painting or crafting, something out in nature like hiking or exploring, and sharing a skill or information on a topic.

3 - We are finally looking for donations. This could be with volunteers willing to let us use their space for gatherings, programs granting us access to events, sharing supplies or resources for Partner projects, or monetary support.

I encourage you to view our website (<https://bettertogethercppc.wixsite.com/website-1>) to learn more about what we do and if you are interested in becoming a Partner, access the Partner referral form and Mentor-Partner Application form. There are also pages on the website dedicated to "Get Involved" and "Donate". You are able to apply to be a Partner and/or donate directly online through a secure link, or you may make a check out to Community Partners of Portage County and send it to P.O.Box 926, Stevens Point, WI.

Thank you sincerely for taking the time to read this letter and to consider how you might contribute to the success of our organization. If you would like to contact me directly, I would be overjoyed to have a positive conversation with you.

In gratitude,

Samantha Szynskie

## Community Partners of Portage County

For over 30 years Community Partners has been involved in our local area as a nonprofit organization that establishes and supports one-to-one Partner friendships for adults with disabilities and mentor volunteers from the community. With "Better Together" as a slogan, it serves as a reminder that with inclusion, friendship, advocacy, and above all, compassion and understanding, we are truly better together. See the contact information below to learn more, become a Partner, or donate.

*"Alone we can do so little; together we can do so much." - Helen Keller*
